Print Merge Reporter is one of the fastest mail merge printing and graphical reporting solutions available on the market today. Certified by IBM Lotus Software it merges labels, envelopes and forms letters in a single click, and generates graphical ad hoc reports on live data in seconds.

Perform mass mailings with features such as print preview, bar coding, font/color manipulation and logo insertion. Dazzle your co-workers with graphical presentations at meetings. Print Merge Reporter can easily be deployed to large-scale corporate environments by simply copying a Domino database to a server.

"...we still give this tool a thumbs up"  
"...easy enough that you'll figure out its features quickly"  
---Esther Schindler, Ziff-Davis Smart Partner Magazine

Print Merge Reporter is a mature proven product which has been the choice for many Fortune 500 companies requiring a Lotus Notes / Domino solution to automatically generate mail merges and reports using Notes data.
